This event is sponsored by the Military Aviation Museum and its Fighter Factory collection of flying Great War and World War II aircraft.

The Virginia Beach Airport is their private use airfield with dual runways and a new 65,000 sq. ft. museum and display hangars. Come join us with your unit and be a participant in this annual event.

Bring your family and kids along for a weekend at the beach. The weather will be warm and the pre-season beach hotel rooms will be cheap.

This promises to be a great show, at a great location, and will certainly grow to be one of the premier air shows and living history events on the East Coast.

Reserve your space today! Contact David Hunt at (757) 721-7767 or send email to Director@AviationMuseum.us
